

CREATING A Shared vision for Glenbarr

Between 30th Aug and 2nd Sept 2023, GCDA ran a four day community consultation event with the aim of establishing a shared community vision. Shown below are the analysed results from resident feedback.

ACCESSIBILITY

We ensured that 100% of households had access and ability to provide feedback towards a shared vision of Glenbarr. This was achieved by:

- 1 Taking feedback from consultation attendees.
- 2 Sending a digital consultation pack to non-attendees.
- 3 Providing a printed consultation pack to residents who could not attend nor have internet access.

TURNOUT

From the 52 households in the predefined Glenbarr catchment area, 27 contributed feedback to Glenbarr's shared vision.

This represents a 52% majority turnout.

Hall space

Charity shop

Post office

Repair services

Child facilities

Rotating exhibition

Sports facilities

Meeting rooms

Catering facilities

What does our community want from a 'hub'?

Shown above are the most and least requested facilities within a community hub concept to be taken in to account when moving forward.

Walking routes

e-Bike availability

Village green

Amphitheatre

Child play area

Outdoor fitness area

Parking

Gathering areas

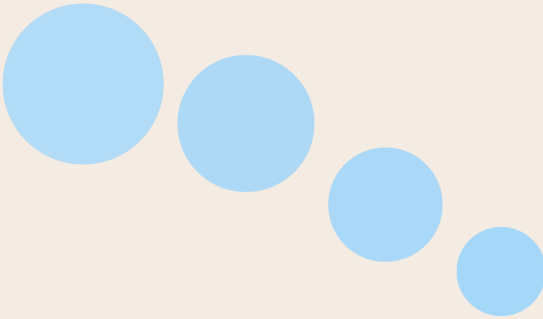

Community gardens

What facilities are desired in our outdoor space?

Our outdoor areas around Glenbarr possess great potential. The results above demonstrate some of the most and least requested facilities.

Community ideas...

In addition to feedback submitted via forms, we also received some fantastic ideas and concepts from residents during the consultation that will be taken in to consideration in the design and implementation of the up and coming 5 year strategic plan.

What changes to the woodlands are considered a priority?

- 1 Safe river crossings
- 2 Reinstatement of footpaths
- 3 Replacement tree planting

What concepts for the village green garnered most interest?

- 1 Picnic area
- 2 Community event space
- 3 Easier access to the river

WHAT COMES NEXT...

RESEARCH

Discover, visit and meet with enterprises who have delivered similar projects.

PROJECT DEVELOPMENT

Within working groups, establish and develop structured project plans, costings and funding routes.

CONSULTATION

Meet, discuss and define ideas with the community to build sustainable, strategic projects.

5 YEAR STRATEGIC PLAN

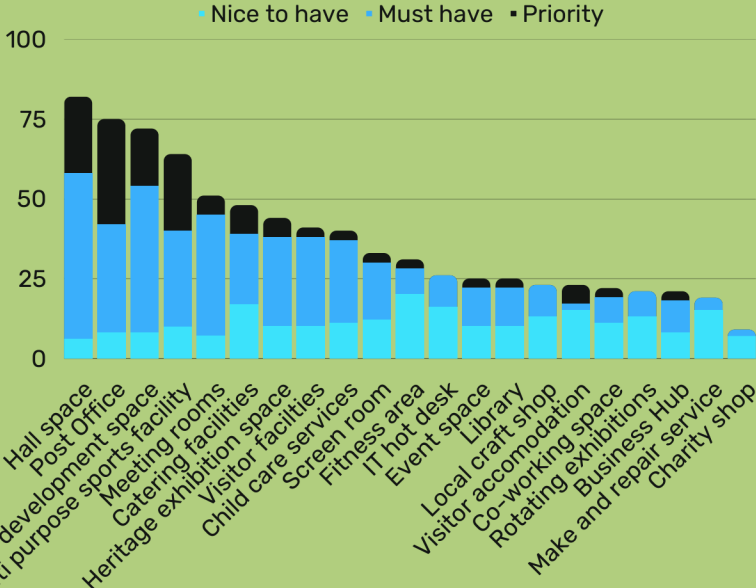

Establish a strategic plan to give GCDA clear direction and organisational structure. Community consulted prior to sign off.

PROJECT DELIVERY

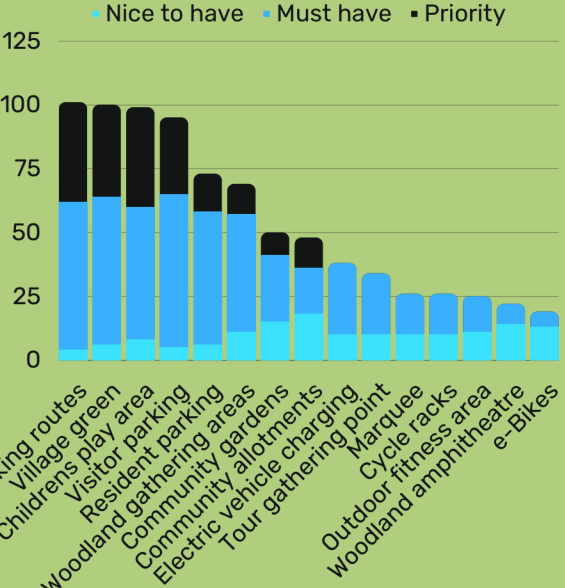

Long term strategic projects move forward towards completion.

TAKE A DEEPER DIVE IN TO THE RESULTS
